

Reeves®

EMS

GEAR BAGS

Designed for use by everyone ranging from local fire, EMS and police departments to industrial organizations such as 3M, the Reeves EMS brand offers a variety of tactical gear bags to fit any emergency situation. Reeves also offers a selection of specialized cases and accessory bags for emergency responders.

Selections range from items such as the Step-In Gear Bag, which is specifically made for the time-conscious firefighter to don and doff clothing while standing inside the bag, to the First Call O2 Duffel Bag, which is manufactured

to store and carry an O2 air tank. Additionally, Reeves offers customized fire-rescue, EMS and law enforcement equipment bags to accommodate regional, national or local departments, complete with the departments' logos and other insignia. For a minimum order, departments can create a design based on existing gear bag styles or come up with a completely unique idea for their organization.

FIRE RESCUE

Vinyl Fire Gear Bag

RSRB0039 (Black)

Constructed of 18 oz. vinyl, the Reeves Vinyl Fire Gear Bag is specifically designed to provide enough space to store boots, helmet, gloves and any other small equipment used by today's firefighter. Features include a padded shoulder strap, side zippered pockets made of coated mesh for visibility of items, and a clear identification pouch. Optional screen printing is also available.

Dimensions: 17" Diameter and 29"L

Weight: 2 lbs.

Option: Shoulder Strap

Nylon Fire Gear Bag

RSRB0046 (Red)

Constructed of 1000 denier DuraCord nylon, the Reeves Nylon Fire Gear Bag is specifically designed to provide enough space to store boots, helmet, gloves and any other small equipment used by today's firefighter. A two-way wrap-around zipper allows the bag to be completely opened for easy packing. A large zippered outside pocket provides extra storage for gloves, tools and goggles. Two-inch web handles wrap completely around the bag to provide extra support. Optional screen printing is also available.

Dimensions: 22"L x 12"W x 15"H

Weight: 2 lbs.

Step-In Fire Gear Bag

RSRB0047 (Red)

Constructed of 1000 denier DuraCord nylon, the Reeves Step-In Fire Gear Bag is specifically designed for fire personnel to literally step into the bag and remove boots, helmet, gloves and any other small equipment and accessories. Features include outside handles, an inside pocket and 18 oz. black vinyl bottom for added durability.

Dimensions: 22"L x 16"W x 12"H

Weight: 2 lbs.

Vinyl Rope Bag

RSRB0042 (Orange)

The Reeves Vinyl Rope Bag is the best way to care for your rope and deploy it quickly. The Rope Bag is constructed of 18 oz. orange vinyl and measures 8.5"W x 8.5"L x 18.5"H. It features a handle made of 2" webbing with a Reflexite reflector, a # 10 zipper to open and close top of bag, an adjustable carrying strap made of 2" lightweight webbing, and two (2) No. 8 grommets that are 1" wide on the bottom to feed the rope through. Rope not included.

Dimensions: 8.5"W x 8.5"L x 18.5"H

Weight: 1 lb.

EMERGENCY MEDICAL

Medical Equipment Storage Bag

RSRB0067 (Black), RSRB0068 (Red), RSRB0069 (Woodland Camouflage), RSRB0070 (Blue)

The Reeves Medical Equipment Storage Bag is the perfect solution to having all of your medical equipment available and ready whenever and wherever you need it. Designed to hang on the wall of an emergency room, ICU, triage area, portable shelter or virtually anywhere you need to access life-saving equipment, the Medical Equipment Storage Bag includes multiple removable clear pouches to store medical necessities such as bandages, IV bags or masks. Each pouch includes a clear slot that allows the user to insert labels — making usage between multiple caregivers easy and confusion free. Additionally, the Medical Equipment Storage Bag is made for field use. Its body is constructed from 14 oz vinyl with heavy weight padded handles for easy lifting without breakage. One inch adjustable heavy-weight straps with buckles sewn on all four corners and one in the center of the body allow the Storage Bag to be hung anywhere. For added durability, additional webbing is sewn into the body to secure IV bags and other assorted medical bandages.

Features Include:

- Pouches that can be attached with Velcro to the body of the Storage Bag.
- Two (2) clear, removable vinyl pouches with zippers that measure 14"W x 9"H x 3" thick. Elastic is sewn into pouches for additional security.
- Four (4) clear, removable vinyl pouches with zippers that measure 14"W x 5"H x 3" thick.
- Two (2) clear, removable, vinyl pouches with zippers that measure 15" x 15" and include assorted smaller pouches sewn inside to hold smaller medical supplies.
- Webbing sewn into body of bag to secure IV bags and assorted medical bandages.
- Body made from 14 oz vinyl and includes 1" heavy weight padded handles for carrying.
- One (1) inch heavy weight straps with buckles sewn on all four corners and one in the center of Storage Bag allow it to be hung inside the shelter.
- Unpacked Dimensions: 40"W x 38"H x 4" thick (without supplies)

Medical Instrument Case

RSCB0054 (OD Green)

Constructed of 18 oz. vinyl, the Reeves Medical Instrument Case is specifically designed to provide a convenient place to tote all of your medical instruments. Thirty-one (31) assorted pockets made of vinyl-coated see-through mesh with 1" elastic allow easy access to equipment, while aluminum rods inserted into webbing provide rigidity and durability. This dual-sided case may be attached either side to side or top to bottom via a 1 1/2" piece of Velcro sewn around the edges. Two (2) nylon webbing handles sewn to the case allow for easy lifting. Four (4) 1 1/2" nylon webbing straps with quick-release buckles allow the Case to be attached or hung anywhere.

Made in the USA to Military Spec under NSN No. 6545-01-382-5876.

Dimensions: Open: 68"W x 27"L x 4"H; Closed: 41"W x 27"L x 4"H

Weight: 10 lbs.

Redi-Pak

RSRB0035 (Black); RSRB0036 (Navy Blue); RSRB0038 (Orange)

Constructed of 1000 denier DuraCord nylon, the Reeves Redi-Pak Bag includes an adjustable, replaceable inside liner, two (2) large end pockets, a removable shoulder strap and reflexite reflectors for added visibility.

Dimensions: 20”L x 12”W x 9”H

Weight: 4 lbs.

Options: Inside Foam Liner with Compartments

First Call Cab Bag

RSRB0008 (Navy Blue); RSRB0009 (Orange); RSRB0010 (Red), RSRB0011 (Teal); RSRB0012 (Maroon)

Constructed from 600 denier Imperial nylon, the Reeves First Call Cab Bag includes three (3) outside pockets, a shoulder strap, and a replaceable inside vinyl liner.

Dimensions: 17”L x 9”W x 7”H

Weight: 2 lbs.

Options: Replaceable Vinyl Compartment

First Call O2 Duffel Bag

RSRB0019 (Navy Blue), RSRB0020 (Orange)

Constructed of 1000 denier DuraCord nylon, the Reeves First Call O2 Duffel Bag’s narrow design allows for easy storage and removal of a O2 air tank, and provides durable cylinder protection.

Dimensions: 22”L x 10”W x 9”H

Weight: 4 lbs.

Options: Shoulder Strap

TRAUMA

First Call I Trauma Bag

RSRB0015 (Navy Blue); RSRB0016 (Orange)

Constructed of 1000 denier DuraCord nylon, the Reeves First Call I Trauma Bag includes three (3) outside pockets and a shoulder strap. The outside front pocket has an elastic strip for securing instruments, and the inside liner includes compartments made with replaceable vinyl.

Dimensions: 17"L x 9"W x 7"H

Weight: 2 lbs.

Options: Replaceable Vinyl Compartment

First Call IV Trauma Bag

RSRB0017 (Navy Blue); RSRB0018 (Orange)

Constructed of 1000 denier DuraCord nylon, the Reeves First Call IV Trauma Bag includes three (3) outside pockets and a shoulder strap. The outside front pocket has an elastic strip for securing instruments, and the inside liner includes compartments made with replaceable vinyl. The top of the bag features a clear patient information sleeve with cover flap.

Dimensions: 19"L x 9"W x 9"H

Weight: 3 lbs.

Options: Replaceable Vinyl Compartment

First Call V Trauma Bag

RSRB0021 (Navy Blue); RSRB0022 (Orange)

Constructed of 1000 denier Cordura nylon and high-density foam, the Reeves First Call V Trauma Bag provides excellent protection and allows for easy clean-up. The bag features a zip closure on the center compartment, reflective tape on all sides, three (3) large outside pockets, and an adjustable interior for custom layout.

Dimensions: 21"L x 12"W x 11"H

Weight: 4 lbs.

First Call V O2 Trauma Bag

RSRB0023 (Navy Blue); RSRB0024 (Orange)

Constructed of 1000 denier Cordura nylon and high-density foam, the Reeves First Call V O2 Trauma Bag provides excellent protection and allows for easy clean-up. The bag features a zip closure on the center compartment, reflective tape on all sides, three (3) large outside pockets, and an adjustable interior for custom layout with an additional compartment for an air cylinder.

Dimensions: 21"L x 12"W x 11"H
Weight: 4 lbs.

First Call VII Trauma Bag

RSRB0025 (Royal Blue); RSRB0026 (Black); RSRB0027 (Teal)

Constructed of 1000 denier Cordura nylon and high-density foam, the Reeves First Call VII Trauma Bag provides excellent protection and allows for easy clean-up. Its large, full-size center compartment includes a zip closure and its adjustable dividers allow for a custom fit interior. Additionally, the front compartment includes elastic loops, pouches and dividers, and the rear full-length compartment includes space for large dressing and supplies. Two (2) end compartments accommodate diagnostic or treatment supplies.

Dimensions: 20"L x 15"W x 12"H
Weight: 4 lbs.

Options: Reeves Medical Utility Pouch

First Call VIII Trauma Bag

RSRB0028 (Royal Blue); RSRB0029 (Teal); RSRB0030 (Black)

Constructed of 1000 denier Cordura nylon and high-density foam, the Reeves First Call VIII Trauma Bag provides excellent protection and allows for easy clean up. Larger than the First Call VII Bag, it features a large, full-size center compartment with a zip closure and adjustable dividers for a custom fit interior. Additionally, the front compartment includes elastic loops, pouches and dividers, and the rear full-length compartment includes space for large dressing and supplies. Two (2) end compartments accommodate diagnostic or treatment supplies.

Dimensions: 24"L x 16"W x 12"H
Weight: 5 lbs.
Options: Reeves Medical Utility Pouch

POUCHES AND CASES

Glove Pouch

RSRB0032 (Navy Blue); RSRB0060 (Black); RSRB0061 (Maroon); RSRB0062 (Orange); RSRB0063 (Red); RSRB0064 (Teal)

Constructed from 600 denier Imperial nylon, the Reeves Glove Pouch can hold two (2) sets of surgical gloves. Its Velcro closure easily attaches through a belt loop.

Dimensions: 3.5" x 4"
Weight: 4 oz.

EMT Holster

RSRB0033 (Navy Blue); RSRB0056 (Orange); RSRB0057 (Royal Blue); RSRB0058 (Red); RSRB0059 (Teal)

Constructed from 1000 denier Codura nylon, the waterproof Reeves EMT Holster is designed to hold the small essential tools needed for emergency medical treatment. Items such as a pen light, knife, tape, shears, or bandage scissors can be accessed quickly and easily using the Holster. Features include a snap-on belt loop reinforced with Velcro for added security, five (5) pockets and a large Velcro loop for storage.

Dimensions: 7.5"L x 4.5"W
Weight: 1 lb.

Intubation Kit

RSRB0049 (Teal); RSRB0050 (Royal Blue); RSRB0034 (Black)

Constructed from 1000 denier DuraCord nylon, the Reeves Intubation Kit Case includes foam-padded, elastic compartments on the inside to hold assorted medical airway instruments, and a zippered case, assorted pockets and a handle for carrying on the outside. Reflexite reflectors provide for maximum visibility. Medical instruments not included.

Dimensions:
Open: 18"L x 12.5"W x 1.5"H
