

## 20-Bed Life Support Area

(902 usable sq. ft.)  
RHPK0375

The Reeves 20-Bed Life Support Area provides hospital medical and emergency personnel with **902 square feet of usable space** in which to use as temporary housing in the field during any emergency or crisis regardless of the surrounding environment.

Featuring a rapidly-deployable, rugged, climate-controlled, soft-walled shelter design, the Reeves 20-Bed Life Support Area provides temporary living quarters for those displaced during a disaster. It can also be used as a secure area for emergency personnel to be housed during a deployment, drill or exercise.

### Key Features Include:

- Military-grade Deployable Rapid Assembly Shelter (DRASH) withstands extreme weather and temperature conditions.
- Shelter can be set up or taken down with minimal effort by only six personnel within a matter of minutes without the need for special tools that can be lost or misplaced.
- “Turn key” system is integrated with heating, cooling and lighting to form a complete infrastructure solution.
