

25-Bed Medical Surge Facility

(1285 usable sq. ft.)

RHPK0400

The Reeves 25-Bed Medical Surge Facility provides hospital medical and emergency personnel with **1285 square feet of usable space** in which to expand existing bed capacities in response to a disaster, pandemic or any emergency situation.

Flexible and easily transportable, the Reeves 25-Bed Medical Surge Facility can be used for multiple applications, including as a **triage center, initial hospital screening area** and **drive-thru vaccination clinic**, ensuring that responders are prepared for an emergency whenever, and wherever it may occur.

Key Features Include:

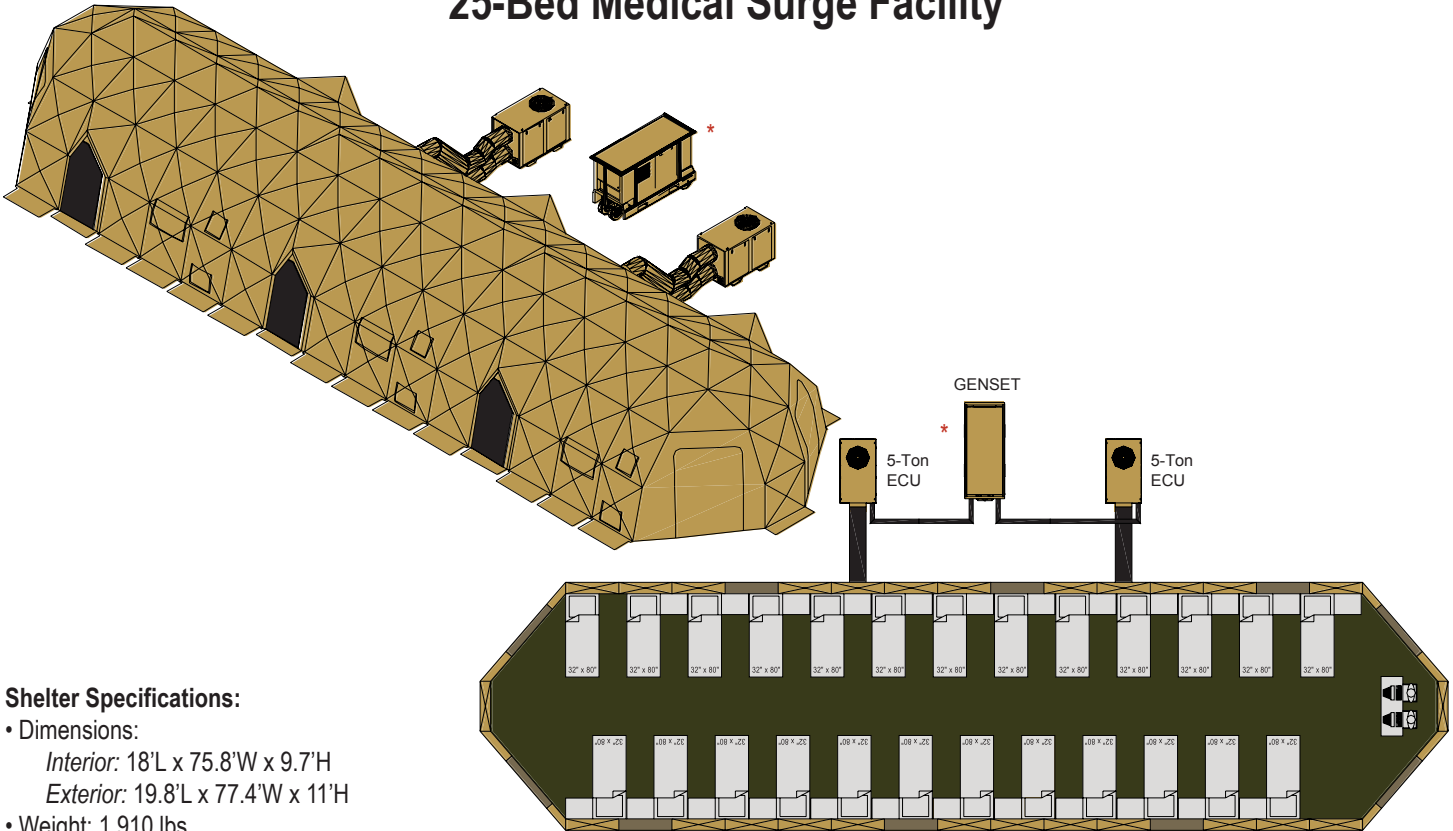

- Military-grade Deployable Rapid Assembly Shelter (DRASH) withstands extreme weather and temperature conditions.
- Shelter can be set up or taken down with minimal effort by only six personnel within a matter of minutes without the need for special tools that can be lost or misplaced.
- “Turn key” system is integrated with heating, cooling and lighting to form a complete infrastructure solution.
